

Funded by the
Erasmus+ Programme
of the European Union

Discover the Erasmus Mundus Joint Master's Degree (EMJMD) « Advanced Spectroscopy in Chemistry »: a 2-year program recruiting students holding a BSc in chemistry, physical Chemistry or biochemistry.

Join a network of 5 European universities (Lille, Bologna, Leipzig, Krakow and Helsinki): become experts in **physical analytical chemistry** and apply state of the art spectroscopic techniques to characterization of materials, molecular synthesis, biology, nanotechnologies, green chemistry, renewable energies, pharmacy, biotechnologies...

Erasmus Mundus scholarships available! (1000 euros per month + contribution to participation and travel costs).

Alumni speak best of ASC:
